regularly involved in hashtagging your cause will allow them to quickly find the latest news And not only about you but others doing the same Corporations have been responsible for creating some of the most popular hashtags doing so to promote a specific product or service Small companies have followed suit incorporating trending hashtags into their social media presence It s a way not only to join in on a conversational topic but create a new dialogue Some companies use hashtags to keep up with their competitors marketing learning what does generate and doesn t generate interest These meta tags can also be used to talk up a campaign or spread buzz about an upcoming event Of course there are a few drawbacks to using hashtags First and foremost is that you don t own them There are no rules or guidelines When you add the hash symbol before a word it becomes a hashtag and anyone else can grab it and exploit it It becomes troublesome especially in business if it s hijacked and used nefariously For most people the hashtag is used for fun Many trending hashtags like ProudtoBeaFanOf are simply used to share an opinion Others help organize news stories around major events And sometimes they re just made up on the fly to make a Tweet sound funnier The interpretation and usage are always up to you like most Twitter lingo but the most basic function of a hashtag is to create a single organized feed of Tweets around each one
