Dating Guide for Men Anthony Ekanem, 2016-12-31 What do women want This is a question that has baffled men since the beginning of time and men are no closer to understanding women than we were when we huddled around an open fire every night and lived in caves Why are women so hard to decipher Simply because we try to understand them from a man's point of view without understanding the basic premise that women think differently from men In fact women have completely different wiring from that of men and men will never be able to understand them on a logical level which is how men approach almost everything Think about it What do we do when we get together for some fun We definitely aren't sharing feelings No we drink talk about sports and other apparently innocuous subjects which in fact are a hidden form of competition You know the mine's bigger than yours syndrome However for guys this is absolutely natural On the other hand when women get together they share their feelings they watch chick flicks and talk about the latest diet or article in town You see women are mainly driven by emotion Just as we need logic and structure in our lives they need emotion Men thrive on competition adrenaline power domination while women couldn't really care less about them The idea is that if you really want to be able to date any girl no matter how attractive she is you need to know what drives her what her underlying motives are Now don't take this the wrong way because many women have no conscious idea of what drives them or what their motives are it's just the way nature has wired them However just as you need to know

what drives her you need to stop worrying about it making sense It is never going to make sense to us because we see things differently But if you know what her buttons are then you will be able to play sweet music that she won't be able to resist Remember knowledge is power and you like power don't you Well learn what drives women and then you will have it in spades

Dating Strategies for Men Kalonymos Schnippenheimer, 2019-02-02 Whether it's the first time you've scheduled a date and you don't know what to do or you been on hundreds of dates and every one of them failed this guide will give you the strategies you need in order to run spectacular dates A lot of men think of dating as being a very simple straightforward process where you just ask a woman you like out take her to some very fancy very impressive restaurant where you eat some fine ultra expensive delicacy and then magically whisk her away to your secret lair where naughty things happen However if you've been on many dates you'll know that it never really seems to go like that at all Sure some dates might go like that but if that's your entire dating strategy then it's no wonder why your dates fail And the truth of the matter is that everytime you

take a woman out on a date and it goes poorly you'll probably never hear from that woman ever again. Thus if you really like that woman you've asked out on a date then you owe it to her to ensure that the date goes well. Because if it doesn't go well it's not her fault it's entirely your fault. But don't be so hard on yourself many guys fail in this department many guys take women out on dates with certain expectations and then kick themselves later when things don't go as they had planned. And then they wonder what went wrong. In reality many guys have to run many many many dates before they are able to figure out what they've been doing wrong and eventually finally figure out how to run things right. However do you really want to sacrifice so many girls that you like so that you can figure it out. Why not just get your dates right from the start. Well not to worry because we're going to show you how. So that you can be that guy who runs amazing dates. In this guide we're going to cover bad dates and why they fail we're going to really break them down in detail and explain what exactly is going on there. And then we're going to analyze female psychology a little bit so that you can get a better idea of how a woman sees a date. And then finally we're going to discuss the kinds of dates that you should be running and we're going to recommend some highly effective strategies that you should be implementing in order to make sure that your dates go amazingly well and have a happy ending. Are you ready to boost your dating game. Great. Then let's get to it.
