The Vatican Prophecies John Thavis, 2015-09-15 The process by which these supernatural events are authenticated is expertly told by John Thavis one of the world s leading Vaticanologists In fact that a book on so secretive and complex a topic is so deeply researched beautifully written and artfully told is something of a small miracle itself James Martin S J author of Jesus A Pilgrimage From the New York Times bestselling author of The Vatican Diaries a fascinating behind the scenes look at how the Vatican investigates claims of miraculous events Apocalyptic prophecies and miraculous apparitions are headline grabbing events that often put the Catholic Church s concept of rational faith at odds with the passion of its more zealous followers To some these claims teeter on the edge of absurdity Others see them as evidence of a private connection with God For the Vatican the issue is much more nuanced as each supposed miraculous event could have serious theological and political consequences In response the Vatican has developed a highly secretive and complex evaluation system to judge the authenticity of supernatural phenomena Former journalist John Thavis uses his thirty years experience covering the Vatican to shed light on this little known process revealing deep internal debates on the power of religious relics private revelations exorcisms and

Kaveny,2016-03-01 Religious traditions in the United States are characterized by ongoing tension between assimilation to the broader culture as typified by mainline Protestant churches and defiant rejection of cultural incursions as witnessed by more sectarian movements such as Mormonism and Hassidism However legal theorist and Catholic theologian Cathleen Kaveny contends there is a third possibility a culture of engagement that accommodates and respects tradition It also recognizes the need to interact with culture to remain relevant and to offer critiques of social political legal and economic practices Kaveny suggests that rather than avoid the crisscross of the religious and secular spheres of life we should use this conflict as an opportunity to come together and to encounter challenge contribute to and correct one another Focusing on five broad areas of interest Law as a Teacher Religious Liberty and Its Limits Conversations about Culture Conversations about Belief and Cases and Controversies Kaveny demonstrates how thoughtful and purposeful engagement can contribute to rich constructive and difficult discussions between moral and cultural traditions This provocative collection of Kaveny s articles from Commonweal magazine substantially revised and updated from their initial publication provides astonishing insight into a range of hot button issues like abortion assisted suicide government sponsored torture contraception the Ashley Treatment capital punishment and the role of religious faith in a pluralistic society At turns masterful and inspirational *A Culture of Engagement* is a welcome reminder of what can be gained when a diversity of experiences and beliefs is brought to bear on American public life *A Catholic's Guide to Social and Political Action* Cyril C.
