## Calypso Training Manual:

**Chronicles of the Gods: Book One** L. Scott Cisney, 2025-07-18 In 2340 the Earth is dying The Free Bloc creates a spaceship from an asteroid with living spaces inside it to protect 3 000 handpicked humans on their journey to an exoplanet The ship is powered by ion engines utilizing fuel from xenon ions produced in a nuclear reactor This allows the ship to continuously accelerate The constant acceleration allows the crew to experience gravity during their journey As they leave the asteroid belt they receive a message from aliens in the Cervantes star system who call themselves The Mothers The aliens invite them to change their destination and settle a planet near them to be called Terra Nova As they journey an alien called Eve of Eden the Mother of the Earth appears in a dream to a ten year old girl on the ship Terra Nova Winstead Terra is told she possesses the gifts of The Mothers and will be Mother of the new world The journey to the Cervantes system is full of surprises and danger Book One ends with their arrival at Terra Nova where the crew is told they will help develop an intelligent and virtuous species as was done on the Earth many millennia earlier **The Naval Pocket-book** ,1907
