Bergmann, 2018-05-01 Just as concerts emerge from the interaction of many instruments so our understanding of Shakespeare is enriched by different approaches to him Psychoanalysis assumes that creative writers have the need to both reveal and conceal their own inner conflicts in their works They leave residues in their works that if we pay attention can become building blocks that reveal aspects of the unconscious Readers may find that the questions raised add to the pleasure of reading Shakespeare and that they deepens their understanding of his plays Topics covered include the pivotal position of Hamlet the poet and his calling the Oedipus complex intrapsychic conflict the battle against paranoia and the homosexual compromise By using psychoanalytic techniques in analyzing his plays and characters the author reveals more about Shakespeare s hidden motivations and mental health *Decolonizing Latina Spiritualities and Sexualities* Irene Lara, 2003 **Current Awareness Bulletin** , 1998 **Battle of the Cherubs** Tezi Beach, 2021-11-19 Tia Menendez is a special cherub created by God to fight battles against evil She has the ability to see and speak with the beings in the spiritual world She also possesses powerful spiritual gifts bestowed upon her by God Tia s story continues with her facing a new enemy Corrigan a very powerful cherub who practices the occult and participates in sacrificial ceremonies This cherub is the head of a psychic foundation in Cassadaga Florida where demons roam free and the locals are bewitched by Corrigan s powers With the help of her coven of worshippers her henchman and her pet jaglion Corrigan kidnaps humans and offers them to her gods through a grueling and barbaric ritual Once captured no one escapes the confinement of the foundation When Corrigan discovers that Tia is a cherub and attending classes at a nearby university she enlists the help of Charmo Vetr a very old and powerful demon Together they devise a plan to destroy Tia But God has confidence in Tia s devotion to Him
