

Comunidades Imaginadas

Reflexiones sobre el origen y la difusión del nacionalismo

El Nacionalismo en el Mundo Contemporáneo

- > El nacionalismo se ha convertido en una fuerza política fundamental en la historia moderna.
- > Las guerras entre naciones marxistas (Vietnam, Camboya, China) representan un punto de inflexión histórico.
- > Estos conflictos tienen importancia histórica mundial porque ocurren entre regímenes con credenciales revolucionarias innegables.
- > Existe una dificultad para explicar estos conflictos desde una perspectiva marxista tradicional.

La "Anomalía" del Nacionalismo para el Marxismo

- > Tom Nairn señala: "La teoría del nacionalismo representa el gran fracaso histórico del marxismo".

Comunidades Imaginadas Reflexion Sobre El Origen Y La Difusion Del Nacionalismo Poltica

Marcel A. Müller

Comunidades Imaginadas Reflexion Sobre El Origen Y La Difusion Del Nacionalismo Poltica:

Comunidades imaginadas Anderson, Benedict, 2021-12-02 Benedict Anderson examina la creaci n y la difusi n mundial de las comunidades imaginadas de la nacionalidad Muestra c mo un regionalismo que se hab a creado en las Am ricas fue adoptado y adaptado por movimientos populares y por las potencias imperialistas en Europa y en Asia y frica por las resistencias ant imperialistas

Socio-political Histories of Latin American Statistics Cecilia T. Lanata-Briones, Andr s Estefane, Claudia Jorgelina Daniel, 2022-04-22 This book brings together recent research on the sociopolitical history of Latin American statistics from the nineteenth to the first half of the twentieth century Reflecting the influence of social constructivism in the social sciences it sheds new light on the historical emergence and development of both statistical reasoning and practices within a region traditionally seen as a passive consumer of foreign produced theories and methods By analysing the processes of institutionalisation of statistics in different national spaces from Mexico to the Southern Cone these studies show the unique ways in which Latin America adapted and used this modern tool of government and social classification to build political regimes and scientific arenas The early enthusiasm for enumerating reality the regular production of statistics and censuses and the role of the region in the global transformation of this knowledge are some of the aspects reviewed to grasp the contingent dynamic of these dialogues and appropriations Thus Socio political Histories of Latin American Statistics seeks to offer new insights into the divergent regional trajectories of this discipline advancing towards an understanding of statistics and its past from a truly global perspective

Political Power in Spain Xavier Coller, Antonio M. Jaime-Castillo, Fabiola Mota, 2017-11-24 This book explores why some people become politicians how they represent citizens in parliaments and what they think about democracy and its institutions It analyses the results of the first survey of a representative sample of Spanish MPs 580 cases and citizens The study covers areas such as social profiles recruitment and selection women in parliaments motivation for politics perception of the representative function and how this is affected by corruption disaffection and mistrust national and regional identities ideology the functioning of parliamentary groups and perceptions about the EU The case of Spain is used to demonstrate how MPs values opinions and attitudes conflict and complement with those of the citizens they are supposed to represent Through a systematic comparison between MPs and citizens the contributions deal with topics that are key to understanding how democracies work and the role played by MPs

Enemies Within Mar a Sierra, 2015-11-25 Can citizenship rights be denied to significant groups in a society that regards itself as civilized and self governing Is it possible to exclude such people in the name of freedom and reason Is it plausible to explain classifications that differentiate between first and second class citizens as natural This is the paradox inherent in modern politics born of the revolutions that ended the Ancien R gime in the western world Throughout the nineteenth century and at the beginning of the twentieth liberalism inspired a representative form of government that appealed to citizenship yet marginalized many social groups including natives women immigrants workers slaves and nomads

In the Hispanic dimension of the Atlantic world that this book deals with modern politics was based on exclusions explained as natural and necessary In both Europe and America a distinction was made between the responsible citizen and those others in society potential enemies within who had to be controlled and supervised This book explains the success of this political operation by analysing the historical construction of figures of alterity that were fundamental to the definition of national civic identities Its basic premise is that imaginaries that were constructed in the nineteenth century can be found even today in western political conceptions The cultural complexity of enduring political images is revealed by exploring the inner workings of virtuous figures in relation to their opposites readers will find the mosaic of representations of civic alterity both recognisable and surprising The contributors to this volume provide historical perspectives on the debate on political legitimacy in open societies Reinventing democracies involves understanding the historicity of inherited formulae of governance and considering them therefore as amenable to improvement The readiness to do this is not a threat to democracy but rather a commitment to looking for it

Comunidades imaginadas Benedict Anderson, 2021

Obra histórica Margarita Urías Hermosillo, 2017-09-01 Libro que recopila la aportación académica dispersa en artículos de la historiadora Margarita Urías La primera parte está compuesta por aquellos artículos que proponen un análisis de realidades regionales en una dimensión contemporánea El componente temático une los elementos culturales e identitarios de tales estudios junto al rol del historiador e investigador dentro de las aproximaciones al trabajo de carácter histórico regional y cultural La segunda parte agrupa textos que oscilan temporalmente entre los siglos XVIII y XIX mostrando inquietudes de trabajo sobre obreros grupos étnicos y minería entre otros referidos especialmente al contexto geográfico del septentrion novohispano Estos trabajos de escasa extensión dan cuenta de la gama de preocupaciones intelectuales que le ocupaban Huelga decir que en esta fase de su vida profesional Margarita se dedicó también con ahínco a la enseñanza y a la formación de grupos de investigación en Historia y en antropología social La tercera parte muestra distintas exploraciones a través del siglo XIX mexicano desde una revisión historiográfica económica la cuarta parte reúne textos que ella denominó una biografía estructural y la última parte contiene textos sobre la realidad veracruzana

Engaging Authority Trevor Stack, Rose Luminiello, 2022-01-31 Engaging Authority Citizenship and Political Community aims to explore how authority is entailed in different versions of citizenship and political community Who or what claims authority in the name of a people and to what effect What kind and scope of authority is claimed And who is held to be part of such a people Engaging Authority brings together scholars from anthropology constitutional studies cultural studies politics political theory sociology and philosophy in a collaborative project to develop a multifaceted understanding of citizenship in political community The volume begins with the premise that to describe or identify oneself as a citizen entails a particular relationship to authority Citizens are understood to be members of a community which we consider political in that members are invoked and may also be involved in the business of governing How does this relationship function How is community invoked by those exercising authority and

in what senses do citizens partake in its exercise In this volume the authors explore different forms of the citizen's relationship to authority in political community across and beyond the variations that usually concern scholars such as the self-governing people, nation states, popular sovereignty and democratic citizenship *The Right and Radical Right in the Americas* Tamir Bar-On, Bárbara Molas, 2021-11-22 Studies of the right and radical right have proliferated since the rise of European nationalist and populist parties in the 1980s Yet the literature on the right and the radical right has a largely Euro-American bias and has been limited by partisan academics that focus on the left *The Right and Radical Right in the Americas* hopes to be a pioneering work that examines the history and contemporary manifestations of the right and radical right throughout the Americas From interwar Canada to contemporary Chile the right and radical right have come in diverse ideological currents Those ideological currents have undergone historical changes and the strategies of the right and radical right need to be contextualized in respect of country and region The right and radical right also have distinctive meanings throughout the Americas and in different epochs *El Frente Nacional. Una Caricatura Política* Rafael Andrés Mejía, 2015-12-07 Proyecto Trabajo fin de carrera del año 2014 en el tema Historia Americana Universidad de Antioquia Departamento de Historia Idioma Español Resumen La caricatura política al igual que la prensa ha sido históricamente una herramienta y un escenario de enfrentamiento entre las elites del país Este texto analiza y describe el uso de la caricatura editorial durante el Frente Nacional FN como discurso esgrimido por los dos sectores más representativos de los partidos políticos tradicionales Utiliza de fuente los diarios *El Siglo* 1958 1962 1966 1970 de filiación conservadora y *El Tiempo* 1962 1966 1970 1974 liberal al momento de sus respectivos periodos como opositores al gobierno La violencia política la unión entre partidos y el retorno a las elecciones democráticas fueron los tres ejes fundamentales sobre los que se lanzó y se sostuvo el FN como proyecto político social y estos mismos son los que permiten dilucidar los resultados expuestos por las dos parcialidades políticas más destacadas y lo que lograron con el FN para el país o para sí mismos **Historia y política a través de la escultura pública, 1820-1920** María Carmen Lacarra Ducay, Cristina Giménez Navarro, 2003 **New Mexico Historical Review** Lansing Bartlett Bloom, Paul A. F. Walter, 1998 **European Review of Latin American and Caribbean Studies**, 2007 **Revista de historia**, 2000 *Sociedad, milicia y política en Nuevo León, siglos XVIII y XIX*, 2005 *Secuencia*, 1997 *Desacatos*, 1999 **Tanto que costó** Francisco Javier Gómez Carpineiro, 1998 **Rocinante**, 2002-04 *Política y sociedad*, 2004 **El antisemitismo** Enrique Eduardo Galiana, 2004 A brief history of antisemitism from ancient times until World War II Pp 209 285 focus on Argentina discussing antisemitic events between 1880 1930 and the roles of the political Right and the Catholic Church in shaping the specific character of Argentinian antisemitism
