Comrades And Enemies Arab And Jewish Workers In Palestine 1906 1948:

Comrades and Enemies Zachary Lockman,1996-07-10 A unique and welcome perspective which will challenge some and inspire others in the field The scholarship involved with its fluent familiarity with this extraordinary range of sources a range which very few historians are capable of using is remarkable as is the quality of the prose and the breadth and maturity of the judgments made This book will become the standard work in a field where much has been written Rashid Khalidi University of Chicago An impressive achievement subtle nuanced and yet firmly grounded in a mass of well weighted and well interrogated archival documents and memoirs It is clearly the best book yet written on Mandatory Palestine Juan Cole University of Michigan

From Palestine to Israel Ariella Azoulay,2011-10-07 In this carefully curated and beautifully presented photobook Ariella Azoulay offers a new perspective on four crucial years in the history of Palestine Israel The book reconstructs the processes by which the Palestinian majority in Mandatory Palestine became a minority in Israel while the Jewish minority established a new political entity in which it became a majority ruling a minority Palestinian population By reading over 200 photographs from that period most of which were previously confined to Israeli state archives Azoulay recounts the events and the stories that for years have been ignored or only partially acknowledged in Israel and the West Including substantial analytical text this book will give activists scholars and journalists a new perspective on the origins of the Palestine Israel conflict

British Trade Unions, the Labour Party, and Israel's

Histadrut Ronnie Fraser,2022-02-04 This book explores the British Labour Party and the trade unions and how their relationship with the Jews of Palestine and Israel has evolved over the past one hundred years It also reflects the changing attitudes of the Labour Party and the unions towards the persecution of the Jews a Jewish homeland in Palestine Israel and antisemitism An in depth examination of critical events in European and Middle East history reveals the links between British unions and their Israeli union counterpart the Histadrut General Federation of Labour and sets out the circumstances in which the unions went from backing the Labour Party s 1917 war aims declaration which called for the establishment of a Jewish homeland in Palestine through to the present day which sees the unions promoting campaigns for boycotts and sanctions against the State of Israel

Stone Men Andrew Ross,2021-04-06 Winner of the 2019 Palestine Book Awards They demolish our houses while we build theirs This is how a Palestinian stonemason in line at a checkpoint outside a Jerusalem suburb described his life to Andrew Ross Palestinian stone men using some of the best quality limestone deposits in the world and drawing on generations of artisanal knowledge have built almost every state in the Middle East except one of their own Today the business of quarrying cutting fabricating and dressing is the Occupied Territories largest private employer and generator of revenue and supplies the construction industry in Israel along with other countries in the region and overseas Ross s engrossing surprising and gracefully written story of this fascinating ancient trade shows how the stones of historic Palestine and Palestinian labor have been used to build the state of Israel in the process constructing facts on the ground

even while the industry is central to Palestinians own efforts to erect bulwarks against the Occupation For more than a century the hands that built Israel s houses schools offices bridges and even its separation barriers have been Palestinian Looking at the Palestinian Israeli conflict in a new light this book largely based on field interviews in the region asks how this record of labor and achievement can and should be recognized Connecting with the Enemy Sheila H. Katz,2016-11-08

Highlights the significance of those Israelis and Palestinians who have chosen connection and dialogue as a practical alternative to the use of force Euphrates Institute Thousands of ordinary people in Israel and Palestine have engaged in a dazzling array of daring and visionary joint nonviolent initiatives for more than a century They have endured despite condemnation by their own societies repetitive failures of diplomacy harsh inequalities and endemic cycles of violence

Connecting with the Enemy presents the first comprehensive history of unprecedented grassroots efforts to forge nonviolent alternatives to the lethal collision of the two national movements Bringing to light the work of over five hundred groups

Sheila H Katz describes how Arabs and Jews children and elders artists and activists educators and students garage mechanics and physicists and lawyers and prisoners have spoken truth to power protected the environment demonstrated peacefully mourned together stood in resistance and solidarity and advocated for justice and security She also critiques and assesses the significance of their work and explores why these good will efforts have not yet managed to end the conflict or occupation This previously untold story of Palestinian Israeli joint nonviolence will challenge the mainstream narratives of terror and despair monsters and heroes that help to perpetuate the conflict It will also inspire and encourage anyone grappling with social change peace and war oppression and inequality and grassroots activism anywhere in the world A profoundly important study of the history and ongoing efforts for Israeli Palestinian peace by ordinary Israelis and Palestinians A genuinely balanced perspective Stephen Zunes author of *Tinderbox U S Middle East Policy and the Roots of Terrorism*
