### Revolution

**Essential Questions:** "Why have political revolutions occurred?"

#### A. Define revolution.

**B.** Recent explorations about the topics listed by the Comparative Politics of government in the presentation by the Comparative Politics Teacher, Eric Wee-Concept Connector: How do we think of power? Note that, as usual in chapter explorations, the concepts are numbered.

##### 1. The Transition of Power in England, 1688–1689

By the 1680s, England had already experienced a civil war and the execution of a monarch, William the Silent, James II, usurped laws and appointed Catholics to high offices. Protestant leaders in England forced Louis XIV of France to leave. This followed on the heels of the Glorious Revolution. This ruler had to yield the throne because the transfer of power had been accomplished by Parliament on their way bottom, not with a little violence. The Glorious Revolution created a type of government known as limited monarchy, in which a constitution or legislature holds the monarch's powers, and indirectly, before they could rule. William and Mary held the vacant royal seats by Parliament's decision as the Bill of Rights.

##### 2. The Glorious Revolution (1688) and the French Revolution
