**Estates in Land and Future Interests** Problems and Answers provides a clear and systematic presentation of the rules and classifications of estate law. Problem sets in each chapter let students practice applying the rules and assigning the classifications of estates and future interests. Carefully leading students from one level of complexity to the next, 550 hypothetical problems that thoroughly cover the rules and their application. Explanations of the answers to every problem are up to date treatment of the Rules Against Perpetuities (RAP) that ensures continued usefulness for bar exam preparation. An organization that reflects the authors highly successful method for learning the classifications for estates and future interests. Learn the rules governing those classifications. Tackle the Rules Against Perpetuities which build on a knowledge of both the classifications and the rules. Systematic coverage of common law. Clear and concise explanations of classifications of interests and estates. A Correlation Chart that links topics covered in this book to those in the leading first year Property casebooks. Updated throughout and with many new and updated problems, the Fifth Edition features revised and simplified introductions to the classification of estates and the classification of future interests. A comparative look at how several rules

are used in different states discussion of fee tails moved to appendix an updated and expanded Correlation Chart By applying the rules and classifications in Makdisi and Bogart sh hypothetical problems students can successfully master this intricate and challenging area of Property and Wills Trusts and Estates courses Clear textual explanations and comprehensive problem sets in each chapter cover all of the rules as they are applied in practice *Estates in Land and Future Interests* Linda H. Edwards, 2017-01-04 The fifth edition of Estates in Land and Future Interests combines graphics text boxes and pedagogical techniques especially helpful to visual learners to teach the basics of estates and future interests a particularly confusing subset of first year property One central graphic a flow chart used to identify the state of the title after a particular conveyance links various estates to the future interests that follow them The complete flow chart appears on the inside back cover for easy reference The book is useful both in class and as a practice book for self guided learning outside class thus reducing necessary syllabus time Its step by step process approach breaks up analytical tasks into smaller pieces reducing the degree to which students get lost in the material The book anticipates the most common areas of student confusion and resolves them before they occur Written in clear simple language with short paragraphs and chapters Estates in Land and Future Interests features an open attractive design enhanced by graphics to make the material easier to understand
