

# 1. Executive Summary

High-quality baked items are becoming more popular. Good bread is an exceptional blend of luxury and nutrition. Consumers today have less time to make healthy, homemade bread but embrace the nutritional and sensory advantages it brings to a greater extent.

The Company will be a well-known retail store in the US that specializes in selling bakery products. It will produce and sell high-quality, handmade breads to the local residents and tourists, focusing on quality, hygiene, naturally leavened breads & baguettes made with high quality ingredients. It will employ interactive promotional methods to gain customers' attention and keep them loyal.

Main competition includes a health food store, pastry shops and supermarkets in the United States. Our strength is in the superior quality of its goods, which are produced using artisanal techniques. An eye-catching sign, the aroma of fresh bread wafting from the shop, and sporadic printed advertisements will be the primary marketing strategies.

Major expenses include equipment purchases, shop rent, ingredient purchases, insurance, marketing, etc. Forecasted revenue for the first two years, based on market will total \$1,540,772. The company will research into the idea of offering sandwiches to takeout after opening. Delivering wholesale bread and baked items to nearby eateries and specialty shops will also be taken into consideration.

The company is being founded by Robin Smith who has over 7 years of experience in the bakery business, working for some of the renowned brands in the US. His wife is also a bread baker, having baked for two years at ABC Food Co. Together, they bring to the company a knowledge of real-world experience and a keen understanding of the industry. The Company will be backed by a solid professional team who is capable and committed to the business.

Opening day is scheduled for MM/DD/YYYY. While our business has the potential for high growth, the first 3 years will be spent on creating financial stability and increasing market share of the company.
